

CanHope will assist approved patients for cancer-related medications up to a limit of three hundred dollars (**\$300**) per month. In order to assist as many patients as possible, we ask prescribers to keep medication costs as low as possible. The following drugs are examples of what we will assist with; OTC drugs and home delivery service are not covered. For any questions and inquiries about medications not listed here, please call 803-649-5433.
